Administration > Request Management > Request Search > Details > Links & Attachments

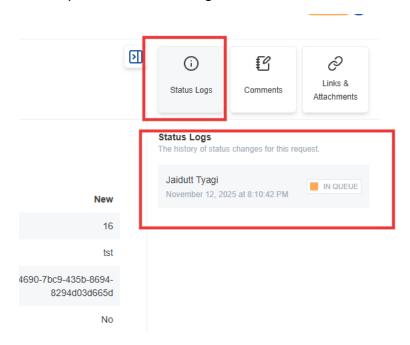

Status Logs, Links and Attachments

The request details screen provides access to status history, links, and attachments related to the request. View the steps below to review and update.

- 1. Navigate to the request screen -> view details.
- 2. Go to tabs labelled "Status Logs" or "Links & Attachments."

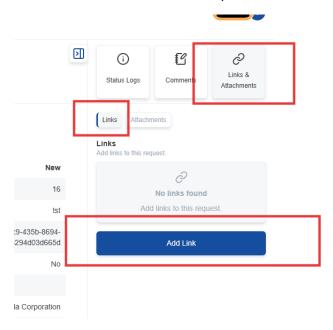

3. **Status History:** Click the "Status Logs" tab to view a chronological history of the request's status changes.

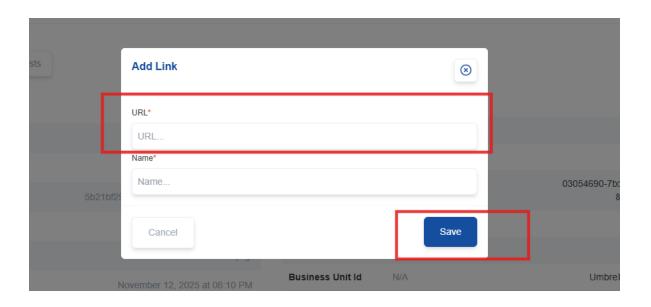

4. **Links:**

- Click the "Links" tab to add or view links related to the request.
- Use the "Add Link" button to add a new link.
- Provide the URL and a descriptive label for the link.

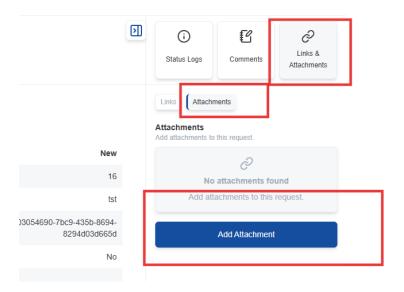

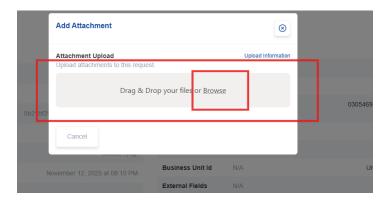

5. Attachments:

- Click the "Attachments" tab to add or view attachments related to the request.
- Use the "Add Attachment" button to upload a file from your computer.

• Provide a descriptive name for the attachment and click upload
