

Asset Management > Credit Bank > Statistics

This section explains the statistics displayed on the right-hand side of the credit bank interface. These statistics provide a summary of your credit activity.

- **Approval Status:** This section displays a breakdown of credits based on their approval status.
 1. **Approved:** The total amount of credits that have been approved for use.
 2. **Pending:** The total amount of credits that are awaiting approval.
 3. **Declined:** The total amount of credits that have been declined.
- **Debits:** This displays the total value of debits (credits used) against the credit bank. This represents the amount of credit that has already been applied to contracts.
- **Current Balance:** This shows the overall remaining balance of credits available in the credit bank. This is the total amount of credit you can currently use.
